Practical & Ease of Use

Sufficient Space

With wide body design, the cubic capacity of the short-wheelbase is 4.8m³ on and the long wheelbase is 6.3m³.

Square Cargo Space

Regular internal cargo box without any redundant structure. Able to hold 2-3 standard Euro pallets (Length 1200mm x 800mm).

Flexible Driving Control

Adopt EPS for precise steering. Minimum turning radius 5.87m, running freely on urban roads.

Convenient Loading and Unloading

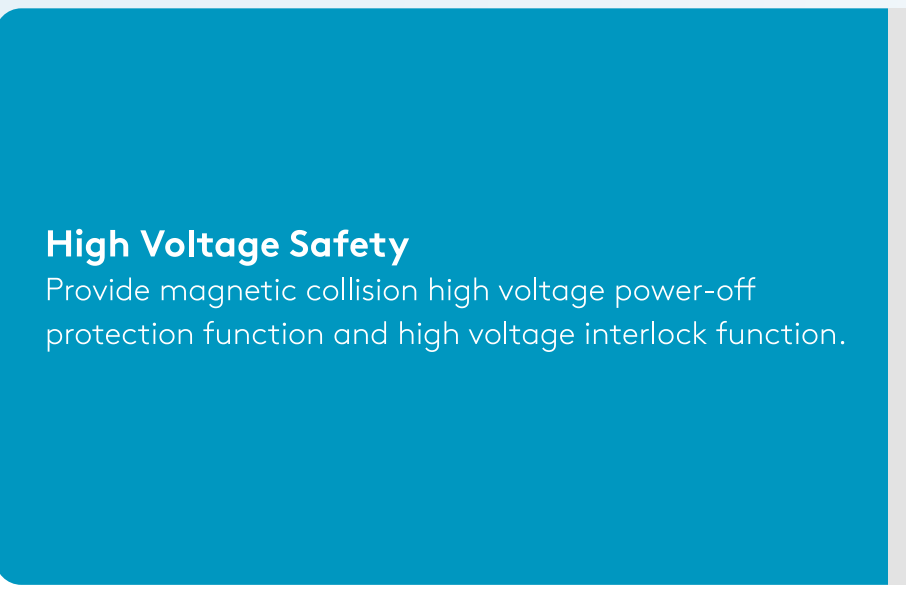

Rear load height is 540mm, much lower than that of products of its kind.

Safety & Reliability

Driving Safety

Standard configuration of ESP + EBA + HHC + Reverse image for all series.

High Voltage Safety

Provide magnetic collision high voltage power-off protection function and high voltage interlock function.

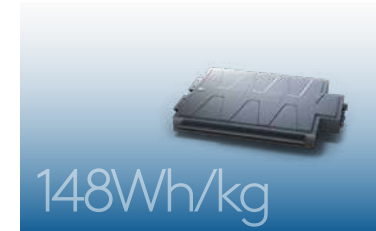

MAXUS eDELIVER 3

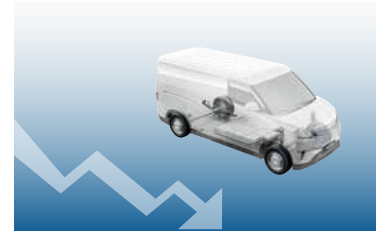

Highest range of its kind, achieving an 80% charge in 45 minutes

148Wh/kg ultra high energy density ternary lithium battery

Driven by pure electric, truly realizing zero emission

Pure electric exclusive structure

Distributor

Green & Low Consumption

01

High Efficiency Motor

Peak power 90kWh, Max peak torque 255N·m.

02

Long Range

Driving range up to 240km in WLTP (52.5kWh).

03

Combine Charging

DC charge up to 0-80% charge in 45 minutes on CCS and 100% charge in 80 minutes.
AC charge up to 100% in 6-8 hours.

04

Low Energy Consumption

23.63kWh power consumption per 100km in WLTP.
